Dear Sir or Madam:

This letter is to confirm the transfer of ownership to you of the air contaminant source(s) previously owned by:

As provided by Section 3704.03 of the Ohio Revised Code, all permits and/or variances issued to the previous owner are now transferred to you, the new source owner.

I urge you to read these permits and/or variances carefully. Under State and Federal statutes and regulations you are required to comply with the conditions of the permits and/or variances.

Please retain this letter as verification of this transfer of ownership. If you do not have copies of any of the permits and/or variances, please contact this office, telephone (614) 466-6040. If you have any questions regarding your responsibilities under Ohio law, please contact the agency to which the application was originally submitted.
